STRATEGIC PLAN **September 2024**

The strategic plan is a plan that describes the state of the appraisal district five years from the current date September 2024.

1. The DeWitt County Appraisal District will strive to increase awareness of the property tax system and functions of the appraisal district with the public and taxing entities.
2. Our office will continue to stay current with legislative changes.
3. We will continue to incorporate evolving technology; to be more efficient and responsive to the needs of the taxpayers and the community.
4. The appraisal district will continue to use current and developing technology to better gather data and assess changes to properties within the district.
5. The commercial department will continue to grow and utilize more sophisticated appraisal techniques in the valuation of commercial properties.
6. The residential department will continue to grow and utilize more sophisticated appraisal techniques in the valuation of residential properties.
7. The personal property department will also continue to grow and utilize more sophisticated appraisal techniques in the valuation of personal property. This includes regularly schedule field visits.
8. We will continue to update and add images of all properties within the district.
9. Land valuation will continue to be updated and more consistent within the district.
