## **PROPERTY TRUTH IN TAXATION**

### **Notice of estimated taxes and tax rate adoption information**

Visit [Texas.gov/propertytaxes](https://www.texas.gov/propertytaxes) to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information regarding the amount of taxes that each entity that taxes your property will impose if the entity adopts its proposed tax rate. Your local property tax database will be updated regularly during August

Taxing units regularly update this website during August and September as local elected officials propose and adopt the property tax rates that will determine how much you pay in property taxes.

The website allows property owners to provide feedback on the tax rate process and provides the following property-specific information for each taxing unit authorized to levy a tax on the property, including:

- property values;
- proposed tax rates;
- an estimate of property taxes that would be imposed under the proposed rates;
- dates and locations of public hearings on the tax rates; and
- other useful information on taxing unit budgets, revenue and rate calculations.

Continue to check the website for updates throughout the tax rate adoption process in August and September.

Property owners may request a statement from the DeWitt County Tax Assessor/Collector, Ashley Mraz at 361-275-0879 located at 102 N Clinton St. Ste. 130 Cuero, TX 77954.
